Summary

The Access to Medicine pathway is a highly regarded full Level 3 course for learners who wish to apply to university to study medical degree courses and career pathways areas such as medicine, veterinary science and dentistry. This one-year course is taught in a blended learning model with two days in college and one day online. The course is for mature students returning to education (19+), or those wishing to pursue a different career route. A range of Academic Subject Content units are delivered in biology, chemistry and physiology or biochemistry. Learners also undertake a range of Academic Preparation Skills units.

Apply online

How will I know how I am doing?

The course consists of 60 credits: 45 Academic Subject Content (ASC) credits graded at pass, merit and distinction, and 15 Academic Preparation Skills (APS) credits. You will be set assignments to gain these credits throughout the academic year. These will involve essay writing, tests/exams, some practical experiments with written reports and presentations.

What do I need to join?

As well as the above Academic criteria all applicants are required to sit an assessment in college, which will ask you to demonstrate your understanding of biology, chemistry and physiology or biochemistry. The assessment is used to ensure that this is the right course for you. Please book your assessment when you complete your application form. You will not be offered a place on the course without completing the assessment.

EU/International applicants should email admissions@sgscol.ac.uk to check that any foreign

qualifications they have are recognised by UK institutions before applying for this course

Entry Requirements

As well as the above Academic criteria all applicants are required to sit an assessment in college, which will ask you to demonstrate your understanding of biology, chemistry and physiology or biochemistry. The assessment is used to ensure that this is the right course for you. Please book your assessment when you complete your application form. You will not be offered a place on the course without completing the assessment.
