Summary

What will my course include?

This one-year programme is the perfect introduction for learners considering a career in the performing arts industry. You will develop performing arts skills while gaining self confidence in a positive and vibrant environment that feels very different from school. This course will cover a broad range of performing arts subjects, including drama, dance, musical theatre, and stagecraft. Throughout the course you will have opportunities to perform to the public.

Course Structure: Your course criteria will be covered in four creative and technical projects throughout your year. Each project will provide an opportunity for in-house or public performance during BIPA's Autumn showcase season, Winter Public and Community show Season, BIPA's Spring Multi Media Fest and our final Summer Show Season.

Project 1: Skills Project – Introduction to basic and essential performing arts skills.

Project 2: Winter Show – You will work on public performance, exploring a range of material from script work and choreography, solo singing and devised theatrical content.

Project 3: Skills Project 2 – In this project you will further develop core performing and production skills and put your techniques into a specialist context.

Final Major Project: You will develop a final performance which displays a culmination of all the work you have done over the year. Working on new material, you will create a public performance.
