Unit 1: Young children's development

This unit will explore the stages of development of young children from birth to three years. Alongside this, your employees will learn about how positive environments support the development of young children.

Unit 2: The value of play to young children

Within this unit, your employees will learn about the necessity of play to young children's development, as well as demonstrating different play activities suitable for young children from birth to five years old.

Unit 3: Importance of play for early learning

This unit will take your employees through the vital importance of creativity and imagination in the development of a child. They will learn about how to organise a cooking activity for children, as well as the particular importance of books and stories in child development.

Unit 4: Safeguarding the welfare of children and young people

This unit examines legislation, guidelines, policies and procedures for safeguarding the welfare of children and young people (including e-safety). Your employees will look at what action to take when children or young people are injured or ill and, when complete, they will be able to recognise emergency procedures and how to respond to suspicions that a child or young people has been abused, harmed or bullied.

Unit 5: Use food and nutrition information to plan a healthy diet

This unit will help your employees to build an understanding of how to make healthy and nutritional food choices for children. They will develop knowledge of food labels and what to look out for to ensure that children are given a balanced diet.

Benefits of completing this course. You will:

- Gain a nationally recognised qualification
- Improve your skills to help create a long-standing career pathway in your chosen industry
