Course Information

Are you looking to complete your diabetes training online? This qualification will provide you with an understanding of the different types of diabetes and how they can occur as well as increasing your knowledge on diabetes diagnosis and initial care. You will develop an awareness of how Type 2 diabetes can be delayed with lifestyle changes and will learn about on-going care and treatment of

Enrol online

diabetes to control blood sugar levels.

There are more than four million people currently living with diabetes in the UK, and experts predict that this number will reach six million within the next 12 years. As the prevalence of diabetes continues to increase, it is crucial that the people affected become fully aware of how they can adapt their lifestyles to monitor and manage the condition effectively.

By completing this course, you will not only gain a nationally recognised qualification, but will also improve your understanding of the different forms, causes and risk factors of diabetes, becoming aware of the best way to manage, monitor and control it.

This course would benefit anyone currently working, or looking to work, in the healthcare sector who wishes to learn more about the different types of diabetes, and demonstrate a willingness to care for people living with the condition.

This course is split into four manageable units:

Unit 1: Understand diabetes

Unit 2: Prevention and early intervention of Type 2 diabetes

Unit 3: Understanding the initial care of diabetes

Unit 4: Understanding the treatment and management of diabetes

Benefits of completing this course. You will:

- Gain a nationally recognised qualification
- Improve your skills to help create a long-standing career pathway in your chosen industry
- Choose when and where to study, as courses are delivered as distance learning
- Have the support you need to succeed, as personal tutors are assigned to you.

How will I learn?

You will study via an online platform or if preferred you can have paper booklets to research and to submit your answers.
