Summary

This exciting new short award covers the underpinning technical requirements for the installation of electric vehicle charging points and follows the IET Code of Practice for Electric Vehicle Charging Equipment Installation.

This award gives the learner an understanding of the application of the IET Code of Practice for Electric Vehicle Charging Equipment Installation. It provides a facility for individuals working in the electrotechnical sector to develop their understanding of these installations.

The award comprises of one unit which has 7 Guided Learning Hours (GLH) and comprises of a single unit and covers the theory aspects only.

How will I learn?

Our dedicated construction department offer a hands-on learning environment, allowing learners to engage and develop skills within a construction site style setting. All courses are delivered by passionate and dedicated staff with a qualified trade background. All the material and equipment you will use matches the tools available on construction sites.

This course is based at our Filton campus, located in South Gloucestershire which is easily accessible from the city of Bristol by train (Bristol Parkway / Bristol Abbey Wood) and bus.

Entry Requirements

Enrol online

Learners must be at least 19 years old, be conversant with the relevant wiring regulations, and initial verification and commissioning. This can be demonstrated by the learner holding relevant qualifications in BS 7671, and inspection and testing.

If you have any questions regarding entry requirements please email construction@sgscol.ac.uk before completing an online application.
