

CSCS

Construction Skills Certification Scheme

What is CSCS?

CSCS is the leading skills certification scheme within the UK construction industry.

CSCS cards provide proof that individuals working on construction sites have the required training and qualifications for the type of work they carry out.

As part of your work experience at SGS we will deliver the necessary information so that you are prepared for your CSCS health and safety test.

There is an expectation that you will secure a trainee card by the end of your first term in College so that you can take advantage of a range of work experience on offer.

The trainee card is valid for 5 years. Within this time you will need to complete a trade qualification and an NVQ in order to apply for a tradespersons card.

To book a CSCS test and obtain a CSCS card you need to apply for a trainee card:

1. Go online to <https://www9.pearsonvue.com/testtaker/signin/SignInPage/CITB>
2. Create a web account
3. Book a test at a convenient date and time. *Tests cost £21.00*
4. If required, you can purchase books to help with revision or download the App **CITB Op/Spec HS&E Test**
This costs around £5.99 to download
5. Complete and pass the test
6. You will need a letter from SGS College stating you are enrolled on your course
7. Once you have passed the test you will receive an email containing your ID number and instructions of how to apply for card. *This costs around £36*
