

Bursary Payment Schedule 2020/21

The below table shows when monthly bursary payments will be made. These dates are the latest you can expect to receive each payment, however on occasion they may reach your account sooner.

Payments will only be made if your attendance is 90% or above at the time of payment and your behaviour meets the College code of conduct. You will not be paid for any periods that do not meet these guidelines.

We are unable to financially support learners until they have completed their probationary period and therefore cannot issue any funding until the first payment date. We are also unable to support learners with cash, advanced, or backdated payments at any point during the academic year.

We recommend you check your attendance regularly to ensure you meet the above criteria and speak with your department regarding any discrepancies prior to the below dates to prevent delayed payments.
