

Childcare Payment Schedule 2020/21

Students Copy

The below table shows when Childcare payments will be made to your provider. These dates are the latest your provider can expect to receive each payment, however on occasion they may reach their account sooner.

Payments will only be made if your attendance is 90% or above at the time of payment and your behaviour meets the College code of conduct. Your provider will not be paid for any periods that you do not meet these guidelines and you will be responsible for any outstanding amounts.

Childcare payments are made on a termly basis. We are unable to financially support students until they have completed their probationary period and therefore cannot issue any funding until the first payment date. We are also unable to support with cash, advanced, or backdated payments at any point during the academic year.

We recommend you check your attendance regularly to ensure you meet the above criteria and speak with your department regarding any discrepancies prior to the below dates to prevent delayed payments.

Your childcare provider has also received a copy of this information.
