| | |
|---|-------------------------------------|
| Tick to confirm that you have considered any data protection issues as part of the design and implementation of this policy; and, that implementing this policy will <u>not</u> result in the collection, storage or processing of personal data outside of official College systems: | <input checked="" type="checkbox"/> |
| Tick to indicated that this policy has or requires a Data Privacy Impact Assessment: | <input type="checkbox"/> |

In keeping with its academic aims and purposes, the College encourages the closest liaison between its employees and industry, professional bodies, commerce, charities

and Government departments. This includes links via personal directorships, partnerships, consultancies, trusteeships, trade engagements, membership of official committees, intellectual property licensing and involvement in spin-out companies.

In line with the terms under the exclusivity of service section, within contracts of employment, the College also allows employees, subject to prior approval by the Head of HR, to be engaged in general paid and unpaid activities.

The review of a request for approval will take into consideration how the interest might impact on the delivery and relativity of that College employee's College duties and how it would serve the College interests as well as the interest of the College member of staff, prior to any approval being granted.

At all times, the external interest must not compromise the full performance of the duties set by the College. Members of staff are therefore required to disclose the number of days that will be committed to each of their external interests.

Senior officers of the College – the Group CEO & Executive Principal and his/her direct reports are also required to receive approval in advance from the remuneration committee and Corporation prior to undertaking any external paid or unpaid work. As part of this prior approval they must disclose any personal remuneration that will be received from external interests. The decision about whether any income will be retained by the senior officer will be part of the approval process for new interests where this is proportionate, in line with this policy.

Any income to be retained by Senior Post Holders needs to be explained, disclosed and as above is subject to prior approval from the Corporation.
