We value the diversity of our workforce and learner population and aim to ensure that the highest equality and diversity standards are maintained and discrimination and harassment are eliminated.

The College has established robust and structured methods for ensuring equality is maintained, for example:

- The College's Single Equality Plan details SGS Colleges' response to its Public Sector Duties. We consult widely with regard to Equality and Diversity, monitor our progress and continually review the actions we take; and we proactively revise our approaches where required. We do this so that we can be sure that we are consistently progressing towards the achievement of our aims and objectives. This Policy does not exist purely as a response to legal requirements; SGS College sees Equality and Diversity as fundamental considerations underpinning all our activities.
- In line with the Single Equality Plan, the College has a robust Impact Assessment Toolkit which ensures that all of our planning activities and actions work towards the successful implementation and achievement of our aims and principles.
- Our recruitment and selection process is constantly reviewed and assessed to ensure that our practices embrace strong equal opportunity measures. Recruiting Managers are fully supported by the HR function to alleviate any form of gender bias in both recruitment and career progression.
- Job roles are formally evaluated where necessary to ensure fair pay is maintained across similar roles within the College.
- The College is committed to promoting Flexible Working for all employees in order to offer greater flexibility in working practices, our flexible working policy has recently been updated to further support applications for flexible and home working.
- All employees are offered the opportunity to improve their skills and knowledge base through the provision of in-house and external training and development activities and through the use of mentoring, shadowing and coaching activities.
