

# SGS Sport Bristol International Athlete Scholarship Application 2020-21

This scholarship is for current students who have achieved international status in a sporting discipline as recognised by a National Governing Body (NGB). Please note that there are a maximum number of scholarships available each academic year, with a limited financial fund. The objective of this bursary is to support and aid the progress of dedicated and talented athletes alongside their studies. This bursary constitutes a payment of £1,000. Award decisions will be made and communicated on week six of a study programme and payments will be made in three separate points across the academic year. In order to receive each part of their payment, scholars will be required to demonstrate:

- 1) An ongoing and active engagement with their academic course of study.
- 2) Positive involvement as an advocate of SGS and represented the College at a minimum of three events per academic year, as directed by the Higher Education Team, i.e. assist with any external outreach offer targeting sport students and participate in HE marketing initiatives, throughout the academic year such as open events and parent evenings.
- 3) Successful applicants will be expected to attend a variety of Student Forums and HE meetings and where necessary to review Higher Education documentation.

This scholarship is renewed annually and scholars will be required to make a fresh application each academic year. Please note that there are limited places available each academic year, with limited funds.

## Application Process:

- Please complete your application form below and email it to the address provided below with your NGB supporting letter.
- Once your application is received you will receive a confirmation email. This will confirm if you have been shortlisted for a sports scholarship. Please note that being shortlisted does not guarantee an award of a scholarship
- Applications will be reviewed on their individual merit by a panel led by the Assistant Principal Higher Education and Adult and the Head of Faculty, Sport and Enrichment.
- Applicants will need to have enrolled and started their course before a sports scholarship is officially awarded. Confirmation will be sent from our Head of HE Recruitment and Student Experience Manager.

**Please note that meeting our minimum criteria does not guarantee that a sports scholarship will be awarded.**

*\*Please note that all bursaries and scholarships are correct at time of publication; bursaries are subject to change, amendment or withdrawal without prior notice and are subject to availability.*

Students are only eligible for one bursary or scholarship for the duration of their higher education studies at SGS (excluding DSA and Hardship). The majority of bursaries/scholarships must be applied for during the first year of study.
